# Overview

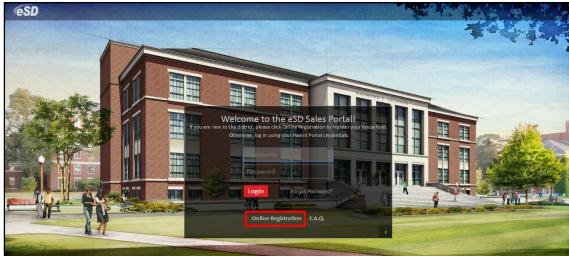

This guide provides parents/guardians with a step by step guide outlining the navigation and use of the parent portal. The eSchoolData Parent Portal is a cutting-edge communications tool designed to increase your involvement in your student's education using the power of information. The eSchoolData Parent Portal allows for instant online access to current, relevant information that will enhance your involvement with your student's academic career.

# **Parent Portal Login Page**

Please refer to your school district's website for an existing Parent Portal Link. If your district has not created a Parent Portal link on the school's website, please contact them for the URL.

The Login Page will contain login fields and either an **Online Registration** link or a **Parent Portal Registration** link, depending on how the district has configured their Parent Portal.

# **Online Registration link:**

### **Parent Portal Registration link:**

Note: A Parent Portal Login page customized with district's choice of text and image.

### Note:

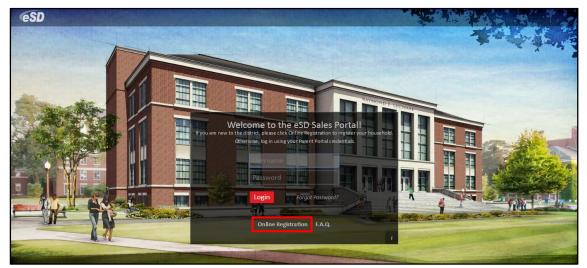

The uncustomized **Parent Portal Login page** displays the most recent winning student's entry from the eSchoolData® Login Page Art Contest. If you have been given a User ID and temporary Password by the district, please go to **Logging** In on page 11.

If you do NOT have a User ID and Password, and the Login Page displays an **Online Registration** link, please go to **Online Registration** on page 4. If the Login Page displays a **Parent Portal Registration** link, please go to **Parent Portal Registration** on page 9.

# **Online Registration**

The Online Registration link is used by parents who are new to the district and need to register their students. If your students are already registered in the district but you have not been given a User ID and Password, please contact the district.

If you are new to the district, click the **Online Registration** link to register your household and students.

The Online Registration Application Form will open, with four tabs: Household Information, Contact Information, Student Information, and Account Information.

When provided by the district, a list of available **language translations** is displayed in the upper right-hand corner of the form. Click the applicable **language** to view the translated form.

If Contact Verification is both enabled AND enforced, the Contact Verification Form will automatically open when custodial Guardians try to access the student's Profile pages. The custodial Guardian MUST update the student's contacts in order to access their Profile pages.

The Contact Verification Form has sections for Student Information, Household Information, Guardian Information (Primary Guardian and Guardian 2, when both live in the household), Emergency Contact Information, Physician Information, Employer Information and (when enabled) Additional Information.

In the **Student Information** section, parents can add/update the student's **Cell Phone**.

In the **Household Information** section, parents can update the **Household Phone**. Click **Update All Linked Records** to update the Home Phone record for all contacts (Guardian, Household Member, and Emergency Contact) who have the Household Phone as their Home Phone. (Linked records display a **Lock icon** at to the left of the applicable phone number.)

When a student's ID number is clicked, the student's **Profile** tab displays by default. Click another **tab** to bring up the corresponding information. All tabs may not be available, and their order may differ from these screenshots, depending upon your school district's use of the eSchoolData system. If there are more tabs than the resolution of your screen will show, the ends of the header row will display left and right scroll arrows, which will appear as inactive (greyed out) left or right arrows when there are no more hidden tabs.
