Grand Total	\$ -			\$ 238,150.99	\$ -	\$ 238,150.99

This grant gave us the ability to become a 1:1 district to ensure that children could be educated remotely for the pandemic as well as moving into our future with this tool.

This was part of the five year plan that Sebastian had created for Technology purchases, but will move off the current needs and be part of a longer 10 year plan for replacement of such tools.
