IDEA Agreement-Project # 062-23-0017—CFDA #84.027

This Agreement entered into this **1st day of July, 2023**, by and between the Board of Education of **Bradford, Lycoming, Sullivan and Tioga (BLaST) Intermediate Unit #17**, hereinafter called (“BLaST”), and **Montoursville Area School District** hereinafter called (“School District”).

Background

BLaST, on the first day of July 1999, entered into a Contract with the Department of Education of the Commonwealth of Pennsylvania, hereinafter called (“Department”). BLaST agreed to furnish all certified personnel, facilities, materials and other services (in consultation with the Department) needed to perform the services described in the Grant Agreement and to comply with the terms and conditions of the Grant Agreement and the Department’s most current IDEA Application Guidelines, which contract, grant agreements, and guidelines are set forth as Exhibit 1 of this Agreement and are hereby incorporated by reference into this Agreement.

The Department has authorized BLaST to enter into an Agreement with the School District whereby the furnishing of all certified personnel, facilities, materials and other services (in consultation with the Department) needed to perform the services described in Grant Agreement and compliance with the terms and conditions of the Grant Agreement and the Department’s most current IDEA Application Guidelines set forth in Exhibit 1 will be the sole obligations of the School District and will no longer be a responsibility of BLaST. BLaST has determined that the estimated IDEA allocation for the School District is **\$348,977.67** as set forth in Exhibit 2 which is hereby incorporated by reference into this Agreement. The said funds must be used to supplement the provision of special educational and related services for eligible school age children as set forth in Exhibit 3 which is hereby incorporated by reference into this contract.

Witnesseth

In Consideration of the mutual covenants, and intending to be legally bound, the parties hereto agree as follows:

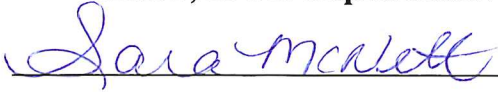

1. BLaST hereby agrees to transfer the funds (estimated) set forth in Exhibit 2 to the School District to be administered in accordance with Exhibits 1 and 3 of this Agreement.
2. The School District agrees to accept the funds set forth in Exhibit 2 and to comply with the provisions set forth in Exhibits 1 and 3 of this Agreement.
3. The School District agrees and assumes sole responsibility for compliance with all of the terms and conditions set forth in Exhibits 1 and 3 of this Agreement. Upon the execution of this Agreement, the School District consents to a delegation of all duties and responsibilities imposed upon BLaST as set forth in Exhibits 1 and 3, and BLaST is hereby relieved of any and all responsibility for compliance with the terms and conditions of Exhibits 1 and 3 and the duties and responsibilities set forth therein.
4. The undersigned authorized representatives of the School District hereby certify that the School District's governing body has adopted the terms of this Agreement and has authorized the undersigned in its behalf to enter into this Agreement.
5. Purpose

The Board believes that consideration of current events, including controversial issues, has a legitimate place in the educational program of the schools. ~~Examples include the War in Iraq, the Twin Towers Attack, and the Florida Presidential Election Voting Controversy, and Critical Race Theory.~~ Properly introduced and conducted, discussion of such events can help students learn to identify important issues, explore fully and fairly all sides of an issue, weigh carefully the values and factors involved, and develop skills for formulating and evaluating positions.

Definition

A **controversial issue** is defined as a significant academic, social, political or ideological matter about which there exists opposing viewpoints and/or multiple perspectives.

For purposes of this policy, a **current event** is defined as a topic on which opposing points of view have been promulgated by responsible opinion and is not expressly enumerated in the course guide as appropriate for the course of study.

A **divisive concept** means the concept or theory that espouses as accepted or acknowledged fact the idea that: 1) one race, color, age, creed, religion, sex, sexual orientation, ancestry, national origin, marital status, pregnancy, or handicap/disability ~~ethnicity, religion, or sex~~, is inherently superior; 2) an individual by virtue of his/her race, color, age, creed, religion, sex, sexual orientation, ancestry, national origin, marital status, pregnancy, or handicap/disability ~~race, national origin, ethnicity, religion, or sex~~, is inherently racist, sexist, or oppressive; 3) an individual's moral character is an inherent function of his/her race, color, age, creed, religion, sex, sexual orientation, ancestry, national origin, marital status, pregnancy, or handicap/disability ~~race, national origin, ethnicity, religion, or sex~~; 4) an individual inherently bears responsibility for actions committed in the past by other members of his/her race, color, age, creed, religion, sex, sexual orientation, ancestry, national origin, marital status, pregnancy, or handicap/disability ~~race, national origin, ethnicity, religion, or sex~~; 5) any individual must feel discomfort, guilt, anguish, or psychological distress because of his/her race, color, age, creed, religion,

sex, sexual orientation, ancestry, national origin, marital status, pregnancy, or handicap/disability; 6) the objective premise of meritocracy is racist or sexist; 7) ascribes character traits, values, moral and ethical codes, privileges, status, or beliefs to an individual because of their race, color, age, creed, religion, sex, sexual orientation, ancestry, national origin, marital status, pregnancy, or handicap/disability; or sex of an individual because of his/her race, national origin, ethnicity, religion, or sex.

Indoctrination is the process of teaching a person or group to accept a set of beliefs uncritically.

Authority

The Board recognizes that some deviation from the assigned course guide is necessary in the free exchange of the classroom. However, the Board specifies for the guidance of the Superintendent and staff that any discussion of current events and controversial issues in the classroom shall be conducted in an unprejudiced and dispassionate manner and shall not disrupt the educational process, fail to match the maturity level of students, or be unrelated to the goals of the district and the appropriate course guide.

The Board shall permit the introduction, impartial study and discussion, and proper educational use of current events and other controversial issues, provided that their use in the instructional program:[1]

1. Is related to the course's instructional goals and the students' level of maturity.
2. Teacher shall not indoctrinate or persuade students to a particular point of view or include presentation of divisive concepts.
3. Encourages balanced presentations and open mindedness.
4. Is conducted in a spirit of scholarly inquiry.
5. Nothing in this policy shall prohibit the introduction, discussion, or proper educational use of documented historical facts in the context of current events and controversial issues.

Guidelines

Materials proposed to teach students of the district shall conform to the requirements of the School Code and Commonwealth's academic standards.[2][3]

Teachers shall not teach, instruct, or train any student to adopt or accept as fact any divisive concept.

Not all subjects, curricular matters, or grade levels are appropriate or conducive for discussion of current events or controversial issues.[4]

Students shall be introduced to opposing viewpoints. Assignments shall include materials and/or resources from several available sources.

Teachers shall make available alternative assignments if a parent/guardian requests so when instruction includes current events and/or controversial issues.

Student and/or parent/guardian concerns regarding current events and/or controversial issues should be discussed with the teacher. If satisfaction is unattainable a meeting may be scheduled with the Principal using the chain of command starting with the building principal.

Delegation of Responsibility

In the discussion of any event, a teacher may express a personal opinion but shall identify it as such and ~~must not~~ **MUST NOT** express an opinion for the purpose of persuading students to his/her point of view.

The ~~Assistant~~ Superintendent shall be responsible to the Board of Directors for the district's curriculum. S/he shall establish procedures for enforcement of this policy.
